CONTENTS OF VOL. 198

ORIGINAL ARTICLES.

No. 1—July.

Anterior Pituitary Tumor Associated With Cachexia, Hypoglycemia, and Duodenal Ulcer. By Maurice P. Foley, M.D., Albert M. Snell, M.D., and Winchell McK. Craig, M.D. 1

Mineral Appetite of Parathyroidectomized Rats. By Curt P. Richter and John F. Eckert 9

Adrenal Apoplexy in a Man of 72 Following Idiopathic Thrombophlebitis of the Adrenal Veins. By Mark D. Altschule, M.D. 17

Report of 50 Cases of Acute Lobar Pneumonia in Adults Treated With Sulphapyridine. By F. Janney Smith, M.D., and Robert J. Needles, M.D. 19

The Results of Sulfapyridine Therapy in 400 Cases of Typed Pneumococcic Pneumonia. By D. Sergeant Pepper, M.D., Harrison F. Flippin, M.D., Leon Schwartz, M.D., and John S. Lockwood, M.D. . . . 22

The Use of Sulphanilamide in Acute Suppurative Arthritis Due to the Hemolytic Streptococcus. By Wesley W. Spink, M.D. 35

A Note on the Ocular Symptoms Occurring From Malnutrition in Human Beings. By Tom D. Spies, M.D. 40

Familial Polycythemia. By Samuel B. Nadler, Ph.D., M.D., and Isidore Cohn, M.D. 41

Influence of the Peripheral Circulation in the Upper Extremity on the Circulation Time as Measured by the Sodium Cyanide Method. By Eugene A. Stead, Jr., M.D., and Paul Kunkel, M.D. 49

Renal Arteriolonecrosis Without Papilledema. By A. Allen Goldbloom, M.D., F.A.C.P., and Abraham Lieberson, M.D. 52

Changes in Lactic Acid, pH and Gases Produced in the Blood of Normal and Schizophrenic Subjects by Exercise. By Joseph M. Looney, M.D. 57

Therapeusis of Experimental Type I Pneumococcic Meningitis in Rats. Comparative Therapeutic Results Obtained With Sulphanilamide, Serum, and Combination Therapy. By Paul Gross, M.D., and Frank B. Cooper, M.S. With the Technical Assistance of Marion Lewis 66

Congo Red: Toxicity and Systemic Actions. By Arthur P. Richardson, M.D., and James R. Dillon, Jr., A.B. 73

Congo Red: Absorption, Distribution and Sojourn in Blood. By Arthur P. Richardson, M.D. 82

Congo Red: Hematologic Actions. By Arthur P. Richardson, M.D. 87

Bronchographic Study of Apparently Healed Lung Abscesses. By R. Maxwell Franklin, M.D. 95

A Clinical Study of Alum-precipitated Insulin. By L. Rosenthal, M.D., S. M. Fialka, M.D., and Jonas Kamlet 98

Circulatory Effects of Volatile Amphetamine (Benzedrine Inhaler). By Carey M. Peters, M.D., and James M. Faulkner, M.D. . . . 104

No. 2—August.

The Central Connections of the Vestibular Pathways. An Experimental Study. By Walter E. Dandy and Paul A. Kunkel 149

The Value of Colloidal Aluminum Hydroxide in the Treatment of Peptic Ulcer. By Edward E. Woldman, M.D., and Charles G. Polan, M.D. 155

Peptic Ulcer of the Lower Esophagus Associated With Esophageal Hiatus Hernia. Report of 2 Cases. By Maurice Feldman, M.D. . . 165

Acute Puerperal Hypophyseal Necrosis. With Report of a Fatal Case. By Clark E. Brown, M.D., and Lawrence F. Eder, M.D. . . 166

The Prolongation by Zinc Salts of a Water Balance Reaction of Posterior Hypophyseal Extract. By Eldon M. Boyd and K. J. Clark . . 171

The Choice of Technique for the Sedimentation Test. By A. Hambleton, M.A., and R. A. Christianson, M.D. 177

Note on Erythroblastic Splenomegaly Occurring During Pregnancy. By Robert A. Moore, M.D., and John B. Pastore, M.D. 187

Sedimentation Rates of Sickled and Non-sickled Cells From Patients With Sickle Cell Anemia. By Henry Bunting, M.D. 191

The Hepatic Origin of the Plasma-prothrombin Observations After Total Hepatectomy in the Dog. By Richard Warren, M.D., and Jonathan E. Rhoads, M.D. 193

The Experimental Production of Vitamin B_1 Deficiency in Normal Subjects. The Dependence of the Urinary Excretion of Thiamin on the Dietary Intake of Vitamin B_1. By Norman Jolliffe, M.D., Robert Goodhart, M.D., Joseph Gennis, M.D., and J. K. Cline, Ph.D. . 198

The Relation of the Adrenal Glands to the Action of the Renal Pressor Substance. By J. R. Williams, Jr., M.D., J. T. Diaz, M.D., J. C. Burch, M.D., and T. R. Harrison, M.D. 212

An Evaluation of the Influence of Overweight on Blood Pressures of Healthy Men. A Study of 3516 Individuals Applying for Periodic Health Examination. By James J. Short, M.D., F.A.C.P., and Harry J. Johnson, M.D., F.A.C.P. 220

Further Studies on the Treatment of Chorea and Rheumatic Infection by Fever Induction. By Edward L. Bauer, M.D. 224

Note on Oral Administration of Potassium Chloride in the Treatment of Hay Fever, Nasal Allergy, Asthma and Sinusitis. By Arthur F. Abt, M.D. 229

Lymphogranuloma Venereum: Treatment of 300 Cases. With Special Reference to the Use of Frei Antigen Intravenously. By Borris A. Kornblith, A.B., M.D. 231

A Case of Fatal Subacute Myocarditis of Unknown Etiology. By Desmond Magner, B.Sc., M.D. 246

Prognosis in Diabetic Coma: Basic Importance of Mental State. By Louis B. Owens, M.D., and Samuel S. Rockwern, M.D. 252

No. 3—September.

Streptococcus Viridans Endocarditis Lenta. A Clinico-pathologic Analysis of the Experience in the Wisconsin General Hospital. By William S. Middleton, M.D., and Mead Burke, M.D. 301

The Occurrence of Coronary Artery Thrombosis in Polycythemia Vera. By H. R. Miller, M.D. 323

Voluntary Hypercirculation. By Eric Ogden, M.R.C.S. (Eng.), L.R.C.P. (Lond.), and N. W. Shock, Ph.D. 329

Brucellosis With Endocarditis. Report of a Case With Failure of Sulphanilamide Therapy. By Kenneth M. Smith, M.D., and Arthur C. Curtis, M.D. 342

The Effect of Sulphanilamide Upon Spermatogenesis in Man. By Norris J. Heckel, M.D., and C. G. Hori, B.S. 347

Treatment of Pneumonia With Type-specific Immune Rabbit Serum. By Verner B. Callomon, M.D. 349

The Respiratory Defense Mechanism: Its Relationship to Pulmonary Diseases. By Irving L. Applebaum, M.D. 356

Studies on Oxyuriasis. XVIII. The Symptomatology of Oxyuriasis as Based on Physical Examinations and Case Histories on 200 Patients. By Frederick J. Brady and Willard H. Wright 367

The Platelets in Pernicious Anemia. With a Review of the Literature. By F. K. Paddock, M.D., and Katharine Edsall Smith, B.S. . . 372

Erythroblastic Anemia. Report of Two Cases in Adult Siblings. With a Review of the Theories as to Its Transmission. By Dorothy W. Atkinson, M.D. 376

Mitotic Leukoblasts in the Peripheral Blood in Infectious Mononucleosis. By Harold Bowcock, M.S., M.D. 384

The Prognostic Significance of Eosinophils in the Blood in Pneumonia. By Mark M. Bracken, M.D. 386

An Evaluation of the Phenolphthalein Test of Woldman. By Robert Le Vine, M.D., and Joseph B. Kirsner, M.D. 389

A "Numeral Test" in Transverse Lesions of the Spinal Cord. By Robert Wartenberg, M.D. 393

The Effect of Alterations in the Metabolic Rate on the Action of Insulin. By Graham W. Hayward, M.D., M.R.C.P. (Lond.), and Garfield G. Duncan, M.D., C.M. (McG.) 396

Cevitamic Acid Deficiency. Frequency in a Group of 100 Unselected Patients. By Joseph D. Croft, M.D., and Lowell D. Snorf, M.D. 403

No. 4—October.

Islet Cell Tumors of the Pancreas. By Walter R. Campbell, M.D., F.R.C.P.(C), F.R.S.C., Roscoe R. Graham, M.B., F.R.C.S.(C), and William L. Robinson, M.B., F.R.C.P.(C) 445

Should Digitalis be Administered to Patients With Preëxisting Partial Heart Block? By Herrman L. Blumgart, M.D., and Mark D. Altschule, M.D. 455

Experimental Arthritis in Rabbits Produced With Streptococci and Other Organisms. By Russell L. Cecil, M.D., D. Murray Angevine, M.D., and Sidney Rothbard, M.D. 463

Clinical Experience With Globin Insulin. By Louis Bauman, M.D. . 475

Prediction and Prevention of Late Pregnancy Accidents in Diabetes. By Priscilla White, M.D., Raymond S. Titus, M.D., Elliott P. Joslin, M.D., and Hazel Hunt, A.B. 482

Erythropoiesis Following Bleeding Peptic Ulcer. By Richard H. Lyons, M.D., and Charles Brenner, M.D. 492

Cysteine Hydrochloride as an Anticoagulant for Clinical Use. By Tracy J. Putnam, M.D., and Paul F. A. Hoefer, M.D. 502

A Study of the Clotting Defect in Hemophilia: The Delayed Formation of Thrombin. By K. M. Brinkhous, M.D. 509

Blood Studies in Lymphogranuloma Venereum; With Special Reference to Serum Proteins. By R. H. Kampmeier, M.D., D. W. Smith, M.D., and R. M. Larsen, M.D. 516

Studies on the Phytotoxic Index. III. An Evaluation of the Method With Reference to Depressed Psychotic Patients. By Joseph M. Looney, M.D., William Freeman, M.D., and Rose R. Small, B.S. 528

The Electrocardiogram During Insulin Shock Treatment of Schizophrenia and Other Psychoses. By Samuel Bellet, M.D., Herbert Freed, M.D., and W. W. Dyer, M.D. 533

Fecal Impaction. By Kenelm W. Benson, M.D., and J. Arnold Bargen, M.D. 541

On the Origin of Ammonia in the Urine Under Normal Circumstances and in Kidney Disease. By Meyer Friedenson, M.D. 546

Chromium Poisoning in Infancy. By John F. Sander, M.D., and Carl D. Camp, M.D. 551

No. 5—November.

Considerations Bearing on Treatment of Arthritics. By Ralph Pemberton, M.D. 589

The Use of Sulfapyridine in the Treatment of Gonococcal Urethritis in the Male. By S. Harris Johnson, III, M.D., Paul R. Leberman, M.D., and D. Sergeant Pepper, M.D., with Technical Assistance of Miss Helen Lynch 594

The Elimination of the Effect of the Chemical Mediator of Renal Hypertension. By S. Rodbard, B.S., and L. N. Katz, M.D. 602

The Response in Blood Pressure of Hypertensive Patients to Acetyl-beta-methylcholine. By David E. Engle, M.D., and Melvin W. Binger, M.D. 609

Chronic Hypertrophic Spinal Pachymeningitis. By George Wilson, M.D., Harvey Bartle, Jr., M.D., and James S. Dean, M.D. . . 616

A Study of the Quick Method for the Quantitative Determination of Prothrombin With Suggested Modifications. By Frederick J. Pohle, M.D., and John K. Stewart, M.D. 622

Observations on Human Blood Stored at 4 to 6 Degrees Centigrade. By William P. Belk, M.D., F.A.C.P., Norman W. Henry, M.D., and Florence Rosenstein, M.T. 631

The Collection and Preservation of Placental Blood for Transfusion Purposes. By Charles A. Gwynn, M.D., and John B. Alsever, M.D. 634

Blood Studies on the Newborn. I. Determination of Hemoglobin, Volume of Packed Red Cells, Reticulocytes, and Fragility of the Erythrocytes Over a Nine-day Period. By Theo. R. Waugh, M.D., Frederick T. Merchant, M.D., and George B. Maughan, M.D. 646

Studies on Circulation in Pregnancy. IV. Venous Pressure Observations in Normal Pregnant Women, in Pregnant Women With Compensated and Decompensated Heart Disease and in the Pregnancy "Toxemias." By K. Jefferson Thomson, M.D., Duncan E. Reid, M.D., and Mandel E. Cohen, M.D. 665

Cor Pulmonale Due to Obstruction of the Pulmonary Artery by Syphilitic Aortic Aneurysms. By Curtis F. Garvin, M.D., and Mortimer L. Siegel, M.D. 679

A Study of the Incidence of Coronary Occlusion and Angina Pectoris in the White and Negro Races. By George E. Burch, M.D., and Norton W. Voorhies, M.D. 685

Experimental Localized Auricular Necrosis. An Electrocardiographic Study. By Alexander Sanders, M.D. 690

Metrazol Convulsive Shock Therapy in Affective Psychoses. A Follow-up Report of Results Obtained in Sixty-one Depressive and Nine Manic Cases. By A. E. Bennett, M.D. 695

Metabolic and Cardiovascular Effects of Intramuscular Injections of Adrenalin and of Amphetamine. By D. B. Dill, Ph.D., R. E. Johnson, Dr. Phil., and Cornelius Daly, M.D. 702

No. 6—December.

A Law of Denervation. By Walter B. Cannon 737

Blood Viscosity. With Special Reference to Capillary, Arterial (Approximate), and Venous Blood Specimens. By Arthur A. Holbrook, M.D., and M. Virginia Watson, A.B. 750

Clinico-hematologic Evaluation of Bone Marrow Biopsies. By Maurice Morrison, M.D., and A. A. Samwick, B.S., M.D. 758

Auricular Standstill. Its Occurrence and Significance. By Francis F. Rosenbaum, M.D., and Samuel A. Levine, M.D. 774

Studies on Iontophoresis. I. Experimental Studies on the Causes and Prevention of Iontophoretic Burns. By H. Molitor, M.D., and L. Fernandez 778

Experimental Studies Upon the Toxicity of Benzedrine Sulphate in Various Animals. By W. E. Ehrich, M.D., F. H. Lewy, M.D., and E. B. Krumbhaar, M.D. 785

Anemia Induced in Rats by Means of Sulphanilamide. By Thomas E. Machella, M.D., and George M. Higgins, Ph.D. 804

Epinephrine in Oil. Its Effectiveness in the Symptomatic Treatment of Bronchial Asthma. By Edmund L. Keeney, M.D. 815

Clinical Experiments With Male Sex Hormones. II. Further Observations on Testosterone Propionate in Adult Hypogonadism, and Preliminary Report on the Implantation of Testosterone. By John Eager Howard, M.D., and Samuel A. Vest, Jr., M.D. 823

Evaluation of Vitamin B_1 (Thiamin Chloride) in the Treatment of Polyneuritis. By Martin G. Vorhaus, M.D. 837
